

March 19, 2024

Dear Valued Customer,

We are committed to the quality and safety of our devices. Please be advised that our labeling and instructions for use document for the REVEAL™ Distal Attachment Cap portfolio have been updated to be European Union Medical Device Regulation compliant and compliant for Switzerland. Note, the design and functionality of the device have not been changed.

You will begin seeing the updated labels and instruction for use document in orders shipped estimated April 2024. Please note the product number, box quantity, and pricing all remain the same.

We thank you for your continued business. If you have any questions, please reach out to your local STERIS Account Manager.

Sincerely,

A handwritten signature in black ink, appearing to read "M McGrath".

Michael McGrath
Vice President, Canada
