

6/10/2024

Dear Valued Customer,

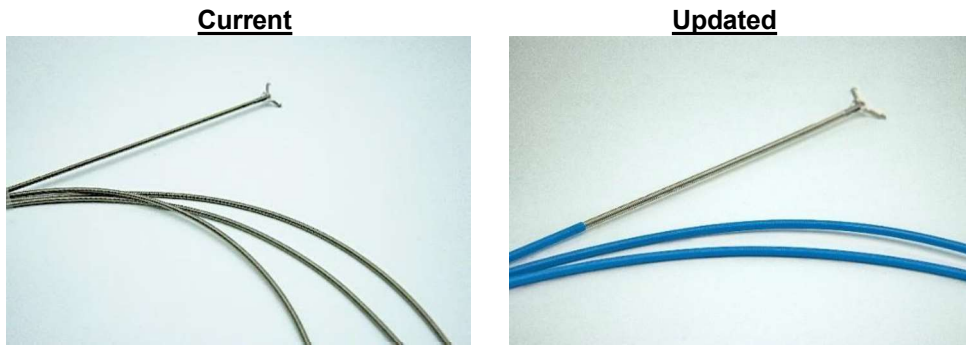

This letter is to inform you that effective June 11th, 2024, design updates will be made to the following RAPTOR™ Grasping Device #BX00711177 listed in the below table.

Product #	Description
BX00711177	RAPTOR™ Grasping Device, 10mm jaw opening

The RAPTOR Grasping Device will ship out with the blue heat shrink coating back on.

The performance, functionality, and reliability of the RAPTOR Grasping Device have not been impacted by this change.

Please review the original and updated designs below:

You will begin seeing this new design in orders shipped on and after June 11th, 2024. Please note the product number, box quantity, and pricing all remain the same.

STERIS strives to deliver the highest level of Customer support in the industry. As part of that commitment, we want to provide you with notice of these updates.

If you have any questions or require further support, please contact your STERIS Sales Representative.

Sincerely,

Michael McGrath
Vice President, Canada
