**Notice : Accessory Phase-Out Notification**

Dear Valued Customer,

With the addition of the Cantel Medical business, STERIS has taken the opportunity to harmonize our portfolio of procedural accessories to provide optimal value to our Customers. Please be informed that STERIS will phase-out some products beginning on May 1st, 2023. These products will be available until our inventory is depleted. Alternative products listed in the charts below can be purchased from STERIS when inventory is no longer available.

Phase out STERIS Endoscopy Devices			Alternate Product

We ask that you please update your ordering system and item master files after May 1<sup>st</sup>, 2023 with the new product codes. Please also note that some of the quantities per box will change when transitioning to the new product code.

We thank you for your continued business. If you have any questions, please reach out to your local STERIS Account Manager.

Sincerely,

Michael McGrath  
Vice President, Canada
