

July 17, 2025

Dear Valued Customer,

This letter is to inform you that STERIS will no longer accept orders for the following SKU after the date indicated within the chart below:

Discontinued Product			Replacement Product		
SKU	Item Description	Last Order Date	New SKU	Item Description	Available for Ordering
U501	VERIFY™ Ultrasonic Indicator 50/box	December 31, 2025	U504	VERIFY™ Ultrasonic Indicator 200/box	July 7, 2025

U501 has been updated to include 200 indicators/box and has been assigned a new SKU (**U504**). No changes have been made to the indicator, and this change has no effect on its performance. U501 will remain available for ordering until December 31, 2025.

STERIS strives to deliver the highest level of Customer support in the industry. As part of that commitment, we want to provide you with advance notice of this product update and discontinuation.

We recognize the impact that product obsolescence has on your operations and apologize for the inconvenience.

STERIS values its relationship with your organization as your sterility assurance products provider. If you have any questions or require further support, please contact your STERIS Sales Representative.

Sincerely,

Michael McGrath

Vice President, Canada
